**WHAT IS?**

**Rethinking What We Know about Our Universe**

From the Jewish Learning Institute

**A Six Week Course**

**Begins Tuesday, April 24 | 7:30pm**

**Are we bound by fate?**

If G-d already knows what we will do tomorrow, is our "free choice" nothing more than an illusion? And with so many powerful influences outside of our control—or even our awareness—influencing our choices, how "free" could they possibly be?

**Why does evil exist?**

Why do bad things happen to good people? The question has been asked—and answered—for thousands of years. But even if we understood the purpose of evil, would this make it more palatable and acceptable?

These are two of the topics we will be discussing based on the wisdom of Chassidic teachings.
